

**10.6' x 36'**

visible live area size: **10'6" x 36'**  
bleed size: **11'2" x 36'8"**

mechanical scale:	<b>1/2" = 1'</b>	<b>1/4" = 1'</b>
mechanical live area size:	<b>5.3" x 18"</b>	<b>2.65" x 9"</b>
mechanical bleed size:	<b>5.6" x 18.4"</b>	<b>2.8" x 9.2"</b>

← 4" bleed wraps around  
← visible live area

**\*Note that mechanical scale is in inches, not feet**

**IMAGE RESOLUTION:** 1/2"-scale mechanicals: We recommend at least 300 dpi.  
1/4"-scale mechanicals: We recommend at least 600 dpi.

**POCKET SIZE:** Between 3" - 6" (our preference is 4")

**BLEED:** Bleed should at least exceed the size of the face by 4" (inches)

**PRODUCTION:** When ordering materials through Interstate, use [yousendit.com](http://yousendit.com) or another ftp site to send files to [art@interstateoutdoor.com](mailto:art@interstateoutdoor.com)
